**Program Overview**

- Up-front, predictable long-term funding to help address local infrastructure priorities.
- Provides flexibility to pool, bank and borrow against funding.
- Administered through a bilateral agreement with the Government of Prince Edward Island.
- Delivers over $16 million every year to 63 communities across the province.

**Funding**

**Allocations (in thousands of $):**

- 2019-20: $33,000*
- 2020-21: $16,500
- 2021-22: $17,250
- 2022-23: $17,250
- 2023-24: $18,000

*Prince Edward Island municipalities received an additional $16.5 million as part of the Budget 2019 one-time top-up.

**Eligible Recipients**

- Local governments (municipalities and designated First Nations with local government status)
- Non-municipal entities including for-profit and not-for-profit organizations, or non-governmental organizations, on the condition that the local government has indicated support for the project.
- Provincial government entities in the form of departments, corporations and agencies where they are mandated to provide core municipal services in municipalities; and in the unincorporated areas of the Province.

**Eligible Projects**

Address local priorities under the following categories:

- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Reconstruction
- Public transit
- Wastewater
- Drinking water
- Solid waste
- Community energy systems
- Local roads and bridges
- Capacity building
- Highways
- Local and regional airports
- Short-line rail
- Short-sea shipping
- Disaster mitigation
- Broadband and connectivity
- Brownfield redevelopment
- Sport
- Culture
- Tourism
- Recreation

**Funding Process**

Infrastructure Canada

- Infrastructure Canada flows funds twice a year to Prince Edward Island.

- Province divides funding into four major components:
  - Province allocates 53% of funds to local governments that provide water and/or sewer services;
  - Province allocates 30% of funds for the rehabilitation of roads and bridges within local government boundaries;
  - Province allocates 13.67% to meet the needs of local governments and unincorporated areas in order to complete priority projects, with water and wastewater projects as the first priority; and
  - Province allocates 3.33% to local governments that do not provide water and/or sewer services.

- Province reports financial activities annually and outcomes/results every five years to Infrastructure Canada.
